Personal consultation	For personal consultation please contact our technical hotline.
Service	If you have any problems with the device the customer service will gladly assist you.

1.2 Notational conventions

This manual uses the following notational conventions:

Instructions

The individual steps of an instruction are numbered consecutively. The result of a step is indented and highlighted by an arrow.

Example:

1. Switch on the device.

2. Press *[Auto]*.

⇨ Automatic operation is started.

3. Switch off the device.

1.3 Symbols and signal words

In this section you will find an overview of the meaning of symbols and signal words that are used in this manual.

Signal word	Meaning
DANGER!	This combination of symbol and signal word indicates an immediate dangerous situation that will result in death or serious injury if it is not avoided.
CAUTION!	This combination of symbol and signal word indicates a possible dangerous situation that can result in minor injury if it is not avoided.
NOTICE!	This combination of symbol and signal word indicates a possible dangerous situation that can result in material and environmental damage if it is not avoided.

Warning signs	Type of danger
	Warning – danger zone.

2 Safety notes

Intended use

This speaker / light stand is used for stable fixing and height-adjustable installation of loudspeaker cabinets and lights. Use the product only as described in this user manual. Any other use or use under other operating conditions is considered to be improper and may result in personal injury or property damage. No liability will be assumed for damages resulting from improper use.

This product may be used only by persons with sufficient physical, sensorial, and intellectual abilities and having corresponding knowledge and experience. Other persons may use this product only if they are supervised or instructed by a person who is responsible for their safety.

Safety

DANGER!

Danger for children

Ensure that plastic bags, packaging, etc. are properly disposed of and are not in the reach of babies and young children. Choking hazard!

Ensure that children do not detach any small parts (e.g. knobs or the like) from the product. They could swallow the pieces and choke!

Never let children play unattended with the product.

CAUTION!

Danger of tipping when transported under load

If the stand is moved without having removed the installed device, the stand may tip over and cause injuries and property damage.

Remove the installed device before transporting the stand.

CAUTION!

Danger of tipping on unsuitable surfaces

When the speaker stand is installed on soft or uneven ground, the stand may tip over and cause injuries and property damage.

Install the stand only on even and solid surfaces.

CAUTION!

Danger of tipping due to overload

In case of overload, the stand may tip over and cause injuries and property damage.

Never exceed the maximum load capacity specified for the stand.

NOTICE!

Possible staining

The plasticiser contained in the rubber feet of this product may possibly react with the coating of your parquet, linoleum, laminate or PVC floor and after some time cause permanent dark stains.

In case of doubt, do not put the rubber feet directly on the floor, but use felt-pad floor protectors or a carpet.

3 Features

Professional speaker and light stand

- Material: Steel / magnesium compound

Remove the installed device before transporting the stand.

CAUTION!

Danger of tipping on unsuitable surfaces

When the speaker stand is installed on soft or uneven ground, the stand may tip over and cause injuries and property damage.

Install the stand only on even and solid surfaces.

CAUTION!

Danger of tipping due to overload

In case of overload, the stand may tip over and cause injuries and property damage.

Never exceed the maximum load capacity specified for the stand.

NOTICE!

Possible staining

The plasticiser contained in the rubber feet of this product may possibly react with the coating of your parquet, linoleum, laminate or PVC floor and after some time cause permanent dark stains.

In case of doubt, do not put the rubber feet directly on the floor, but use felt-pad floor protectors or a carpet.

Comply with regulations

When installing and operating, make sure to follow the standards and regulations that apply in your country.

Setting up

1. Unfold the feet of the stand until the cross braces are in a horizontal position.
2. Fix this position with the safety screw on the slider to which the three feet are attached.
3. Pull out the two safety pin and loosen the two safety screws on the extension tubes.
4. Pull out the upper extension tube to the desired height and slide the safety pin through the corresponding grid hole.
5. Fix the position of the upper extension tube with the safety screw on the upper tube clamp.
6. Pull out the lower extension tube to the desired height and slide the safety pin through the corresponding grid hole.
7. Fix the position of the lower extension tube with the safety screw on the lower tube clamp.
8. Mount a spotlight or a speaker box. If necessary, screw the supplied adapter firmly to the upper extension tube. Observe the instructions of the respective manufacturers. The maximum load capacity of 30 kg in total must not be exceeded.

Dismounting

1. Remove spotlight or speaker box.
2. Pull out the safety pin on the lower extension tube.
3. Loosen the safety screw on the lower tube clamp and slide the lower extension tube all the way down.
4. Tighten the safety screw on the lower tube clamp.
5. Pull out the safety pin on the upper extension tube.
6. Loosen the safety screw on the upper tube clamp and slide the lower extension tube all the way down.
7. Tighten the safety screw on the upper tube clamp.
8. If necessary, take off the adapter.
9. Loosen the safety screw on the slider to which the three feet are attached.
10. Fold up the feet of the stand.
11. Pack all parts of the system in their original package, as possible, and store the package in a dry place protected against moisture.
